ASSIGNMENT

WHEREAS, James Chadwick (hereinafter referred to as "Assignor"), residing at the addresses with the citizenship as stated below, has made certain contributions to a System for Executing Financial Transactions over a Paging Network in accordance with his obligations under a Consulting and Development Agreement that he entered into with Assignee on July 20, 2001; and

WHEREAS, Wireless Checking, Inc. (hereinafter referred to as "Assignee"), with an address of 219 South Main, Suite B, Elgin, Texas, desires to acquire the entire right, title and interest in and to the Assignor's contributions to the System for Executing Financial Transactions Over a Paging Network.

NOW, THEREFORE, in exchange for the good and valuable consideration that is described in the Mutual Release Agreement, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns, sells, transfers and sets over unto said Assignee the entire right, title and interest in and to Assignor's intellectual property interests in the contributions to the System for Executing Financial Transactions over a Paging Network that were developed by Assignor under the Consulting and Development Agreement. Assignor's intellectual property interests shall include, but are not limited to: (a) any patent rights that may or may not exist from Assignor's possible status as a co-inventor of the materials prepared under the Consulting and Development Agreement, including the right to file corresponding applications for Letters Patent on invention(s) in any and all foreign countries, and to claim priority under any and all treaties and conventions to which the United States of America is signatory including the Paris Convention for the Protection of Industrial Property for such corresponding applications, or any division, continuation, continuation-in-part or substitution

thereof, the same to be held and enjoyed by said Assignee, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by us, had this assignment not been made; (b) all copyrights arising from the materials prepared by Assignor under the Consulting and Development Agreement; and (c) all trade secrets arising from the materials prepared by Assignor under the Consulting and Development Agreement.

Assignor covenants and agrees that he will, at any time upon the request and at the expense of said Assignee, execute and deliver any and all papers and do all lawful acts that may be necessary or desirable, in the opinion of said Assignee, to enable and assist said Assignee to (a) obtain Letters Patent, both domestic and foreign, on said invention(s); (b) establish, maintain and secure title in said Assignee, its successors and assigns, to said invention(s), application(s) and Letters Patent, including making such title of lawful public record; (c) defend, establish or otherwise preserve the validity of said Letters Patent against any and all infringers, and perform such other acts as are necessary to give full force and effect to this assignment; and (d) register any copyrights that may reside in the invention.

Assignor represents and covenants that no assignment, mortgage, sale, license, pledge, encumbrance or alienation of any rights to Assignor's contributions under the Consulting and Development Agreement have been or will be made or entered into which would conflict with this assignment and sale. Assignor further represents and covenants that no patent applications have been filed relating to the materials prepared by Assignor under the Consulting and Development Agreement.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States to issue all Letters Patent based upon Assignor's contributions and each division, continuation, substitution, reissue, renewal and extension thereof in the named of

Assignee, its successors and assigns.

Assignor hereby transfers all of his intellectual property rights, to the extent that they exist, in the materials prepared under the Consulting and Development Agreement of July 20, 2001.

The undersigned further declares that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful and false statements may jeopardize the validity of the application(s) or any patent issued thereon.

ASSIGNMENT

WHEREAS, I, the undersigned inventor of residence as listed, have invented certain new and useful improvements as below entitled, for which an application for United States Letters Patent is made, said applications having been designated as set forth below and filed on or about the date set forth below; and

WHEREAS,

Wireless Checking Inc., (hereinafter referred to as "Assignee"),

a Texas corporation,

with an address of: 219 S. Main St.,
Suite B
Elgin, Texas 78621

desires to acquire the entire right, title and interest in and to the inventions, and in and to the said application and any Letters Patent(s) that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I assign to Assignee, all right, title and interest in and to said inventions and in and to said applications and all patents which may be granted therefor, and all divisions, reissues, continuations, continuations-in-part and extensions thereof; and I authorize and request the Commissioner of Patents and Trademarks to issue all patents for said inventions, or patents resulting therefrom, insofar as my interest is concerned, to Assignee.

I also assign to Assignee, all right, title and interest in and to the invention disclosed in said applications throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world, including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

I will communicate to Assignee any facts known to me respecting any improvements; and, at the expense of Assignee, I will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention in all countries.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
